Lodge

Greetings Members of Cinnamon Lake and Happy New Year. I hope everyone had a wonderful holiday and your New Year is starting off well. Thanks to Chris Basista for the work he has done to repair the lock code pad on the compactor. The new code will be sent out in the January Association bills and we will activate the lock code again. This means you will need to enter the compactor code, hit okay, open the door then put your trash in and close the door for it to compact. We are starting a new process for the open top dumpster in the maintenance area. The dumpster is open for use during office hours. We will be adding a Saturday availability once a month starting in February. You can schedule to bring items for the open top dumpster on the third Saturday of the month. You will need to call the office to make payment or to use your free pass, if you have one, by the first Monday of the month. If nobody schedules by the first Monday it will not be open on the third Saturday. The RFID gate cards are now available in the office. If you would like an RFID gate card please contact the office and they will prepare it for you. Per the Gate Pass Policy dated Nov. 2024, Each member account can have up to 2ea gate passes in the form of a proximity card. Additional passes will be issued in the form of a sticker applied to a registered vehicle. Proof of ownership by a Cinnamon Lake member must be shown when the sticker is issued. The annual fee for gate pass renewal will be set by the board of directors and posted in the annual fee schedule. This may take a day or two for the office to register the RFID key card to your account. Please be sure to attend the Coffee and Conversation in January. We will have a representative available to answer questions about the proposed cell phone tower.

Fish/Lake: F&L stocked the lake with 1,550 Walleye and 100lbs of fat head minnows. We were hoping for tiger muskie, but the supplier had an off year and just did not have any available.

Committee chairs are in place for 2025. Kyle Moseman will be chair with Margy Romaniuk and Lisa Wendt serving as co-chairs.

Next meeting will be January 28th at 7:00 PM at the lodge. Regular meetings are the 4th Tuesday of the month through November, at 7:00 PM.

We encourage people to come join us. If folks do not like sitting in meetings, we can always use volunteers for our events. Attending meetings are not mandatory for helping out at events. However if you have an interest in the lake and would like to be a part of our ongoing efforts, meetings are the best place to participate. If interested in learning more reach out to fish-lake@cinnamon-lake.com

Events: Your Events Committee is delighted to welcome Jessica Cole as our new Committee Co-chair! Jessica joins Melissa O'Toole and Suzan Mertes in leading Events. Jessica is particularly focused on young families and our playgrounds and recreational sites.

THANK YOU to our many volunteer elves for their help with Santa's Workshop last month. Nearly one hundred people come through the lodge that day. What a great time!

Now, it is time to take down all of the lodge holiday decorations! Please come help on Tuesday 1/7 from 6:00-8:00pm and Saturday 1/11 from 11:00am until it's done. We sure will appreciate you! Applications are now being accepted for the Spring Craft Fair on March 15th. Spaces are \$30 each. E-mail events@cinnamon-lake.com to register or for more information on this or any other event.

Garden/Landscape: Remember to get your orders in for the flower baskets! We are accepting pre orders so we can make sure we have enough planted for everyone.

Reminders: Please make sure to pick up your trash and not leave it along the roads or in the common areas. Thank you to the members who do pick up others trash. Lets all work to keep our community clean!

PLEASE do not put cardboard or large items into the compactor. The compactor is for household trash only-No large items and PLEASE recycle your cardboard. The maintenance department has had to clean out jammed cardboard and large items almost daily. The open top dumpster behind the office is for large items and the recycling bins are by the sewer plant.
